ZAMBIA & MALAWI "LIVINGSTONE TRAIL"

An exciting safari experience exploring the diversity of the lesser travelled South Eastern African countries. This tour is not for the faint hearted, and requires some patience; the travelling can be slow, some nights the accommodation is basic, however the journey offers amazing scenery and fantastic highlights, well worth the long travel days. We recommend malaria prophylactics. A safari for travellers with a sense of adventure.

DEPARTS: LUSAKA on Saturday at 16:00pm
ENDS: LILONGWE on Monday at 08:00am

Highlights

- * Lower Zambezi – canoeing
- * South Luangwa NP – game walk & 4WD game drives
- * Mulanje Massif – tea plantations, hiking
- * Liwonde – boat cruise & game drive
- * Lake Malawi – snorkeling & island beaches

SAFARI STYLE: ACCOMMODATED

Overnight 13 nights on safari we stay at chalets, tented lodges and guest houses, with en suite facilities. On Mumbo Island, 2 of the tented rooms share a bathroom – rooms will be allocated by guides.
 3 nights camping – for 1 night we "camp wild" without fences in the wilderness on an island in the Zambezi and 2 nights in a formal campsite in Liwonde. (Sunway will provide tents, mats and chairs, but you will need to bring your own sleeping bag).

Meals 16 breakfasts, 15 lunches & 8 dinners are included. Of which, 13 breakfasts, 1 lunch and 4 dinners are provided by the lodges. The remaining included meals are prepared by the Sunway crew at the vehicle & enjoyed around the campfire.

Transport Due to the sometimes demanding road conditions you travel in a Sunway Safari truck with 12 seats. Potholes, speed bumps (!) & rain-damaged gravel roads are characteristic of the areas we travel through and can make driving slow and bouncy. However, we pass through road side villages and thus have the opportunity to witness the local lifestyle. For the game drives in South Luangwa we use open-sided 4WD vehicles with local guides.

Limited participation An essential part of your safari is some participation. From carrying your own bag to cleaning your window and packing the truck in the morning – it's all part of your adventure. For the longer days if everyone puts in a little effort the trip will run smoothly. Where the tour leaders provide meals we ask that clients help (on rotation) with washing up.

Formed about 130 million years ago, the first European to see the Massif was David Livingstone in 1859, but archaeological investigation reveals evidence of human activity since the Stone Age. We take a day walk on the slopes to see the streams, waterfalls and towering peaks.

Day 10, 11: Lunch provided by the tour leaders with the help of the group

Day 10, 11: Dinner provided by the lodge

Overnight: [Nalipiri Ecoresort](#) – twin share en suite rooms. Wifi available. Restaurant and bar. 

Day 12 - 13 **LIWONDE** [camping BLD]

Ancient baobab trees and lofty palms provide the backdrop for this magnificent southern Malawi reserve. Covering 548 km² of the upper Shire River plains and valley slopes, Liwonde harbours Malawi's largest remaining elephant population and the critically endangered Black Rhino.

In the morning we'll explore the grassland and woodland habitats in search of leopards, elephants, hippos, antelopes and rare Lilian's lovebirds in our safari truck.

Lake Malawi is the jewel of Malawi and one of the magnificent lakes of the Great Rift Valley. Travelling to the shores of Lake Malawi National Park, we take a boat transfer to the secluded tropical paradise of Mumbo Island, located off Cape Maclear.

DETAILED TOUR INFORMATION:

In a nutshell

- A diverse African adventure – discovery route.
- All-inclusive trip with cultural experience, adventure and wildlife through Zambia and Malawi.
- Lower Zambezi canoeing, Lake Malawi, South Luangwa and Liwonde NP – great diversity!

Why travel with Sunway Safaris

We understand that there are several options available to you when choosing your African safari. We also know that you want to make the most informed decision about your safari, what you get, what's included and what you see and experience. So these are just a few of the Sunway qualities and facts:

- **Small groups** – by travelling with a maximum of 12 people, you are able to witness Africa and have first-hand contact with this amazing continent and its people without being a negative influence. This has been a key factor in our continued success. Our trips appeal to a wide demographic of traveller. Our clients range in age from 25 to 65+ with the average being 45. The range of travellers gives a variety of perspectives which adds to the experience of each safari.
- **2 Sunway tour guides** – group leaders are the key to any safari. On a Sunway safari you will travel with 2 qualified field guides (Field Guides Association of SA). Two guides as crew, not a guide and a driver, means interesting trips with maximum knowledge and information. On German departures one of the tour leaders may be a German-speaking translator alongside one qualified guide, so you still benefit from expert guidance while enjoying the tour in your preferred language. Our guides have a passion for Africa, her people and wildlife, and they love nothing more than sharing their knowledge with you.
- **Guaranteed departures** – departure dates on each itinerary shown as bold are guaranteed departure dates. All other departures operate with a minimum of 4 clients.
- **All inclusive price** – when we travel ourselves, we always feel that if we're in a country we should find and see the best it has to offer. So when planning the Sunway routes we ensure that each trip provides the best inclusions and experiences. For example, if you go to Botswana – you have to visit the national parks in an open 4WD – it is the essence of the Botswana wilderness. If you tour Zambia, then you must visit South Luangwa NP and do a game walk with a local scout. When booking on a Sunway Safari there are no hidden costs. All of the entrance fees are included, and a wide range of activities, and most meals. We have included many highlights in our tours, so that you will see and experience the highlights without having to pay extra when you get there. So when you decide on which safari company to book with, look carefully at what you're actually getting. You may only visit a place once, make sure you get the most out of it.
- **Safety** – our fleet of vehicles are custom built to ensure comfortable and safe touring. Each is constructed, by an authorised passenger vehicle builder, to the latest safety requirements, with a safety shell, and every seat has a lap belt. This gives you peace of mind when travelling with Sunway Safaris on the often demanding African roads.
- **Good2Go** - Our commitment to sustainable & responsible tourism is reflected in our low impact travel style where all we take is photographs and all we leave is our footprints. Being an African company we have the grassroots contacts to make a real difference in the lives of the people whose lands we visit. On each itinerary in the brochure you'll find this symbol which highlights just one of the sustainable travel initiatives that we support.
- **Solo Travellers** – going it alone won't make your holiday more expensive; our reservations staff will match you up with another same-gender traveller to keep your holiday affordable. If however you request a single room or tent these are available, with a price supplement
- **Experience** - we have more than 31 years' experience planning tours throughout Southern Africa. As such, our itineraries and routes have been perfected over many years ensuring that your tour will run smoothly. We visit the highlights of Southern Africa, but ensure that you do not follow the well-trodden tourist track. All of us at Sunway Safaris have extensive travel experience in Africa, and throughout the world. Being adventure travellers ourselves, we know how to plan trips that give you a broad experience of the countries that you will visit.
- **Based in Africa** - probably the most important part of a Sunway safari is that we are an African company with offices in South Africa and Botswana. We live in Africa, we travel in Africa and it is our passion for this amazing continent that makes Sunway your best travel option.
- **Age Policy** - On all scheduled tours, we accept children 12-17 with accompanying adult. We have no upper age limit. Clients older than 65 years of age at the time of travel require a medical certificate stating the client is fit and healthy to join an adventure travel group tour. We have many clients over 65 years of age, who are perfectly capable of enjoying every aspect of a Sunway tour, both accommodated and camping. For more details contact marketing@sunway-safaris.com.

Local Payment

- A local payment is required on this safari and this will be collected by your tour leader on departure. The local payment forms part of your overall tour cost and must be taken into consideration when booking your safari. It will be used by your tour leaders to pay for some of the operational costs incurred on safari.

Sunway prepays by bank transfer, as many of the tour costs as possible. However, in many cases, a cash payment is the only option: certain of the destinations that we visit, only accept cash. For example entry fees to most national parks, some of the campsites and also local food markets (and even some shops) are only payable in cash. In addition, each Sunway vehicle has a garage card but these are only accepted in South Africa and parts of Namibia, therefore in all other countries, fuel must be paid for in cash. Due to the remoteness of some departure points, having a local payment system enables us to manage tour funds effectively. The efficiency of this system helps keep the overall tour prices down.

For these reasons, it is necessary for Sunway to charge a local payment. It also ensures that a portion of the tour costs goes directly into the country you are visiting, thereby benefiting local communities and contributing to the conservation of the areas we visit. This is all part of Sunway Safaris' ongoing effort to operate sustainable safaris that make a real difference.

It is important that you ensure that your USD notes are clean and undamaged, as many banks and exchange bureaus will not accept dirty, damaged or torn notes. Pre-2013 issue US\$ notes are not accepted in some places, so Sunway will not accept these notes as local payment.

Shopping

- Craft shopping for curios en route is diverse and rewarding. Remember - if you see something you like, it is best to buy it because it is unlikely that you will see something similar further along.

Food

- We pride ourselves on giving very good healthy meals to our clients and will provide three meals per day, except where shown in the itinerary, where we try out local restaurants or fresh produce markets.
- The tour leaders do the shopping and meal planning for each group. He/she will always try to obtain fresh produce wherever possible. A rough idea of what these will consist of is: Breakfast - cereals or coffee and toast or the occasional fried breakfast, Lunch - cheese, cold meats, salads on bread or rolls, Dinner - braais (local barbecue), potjies (stews), stir fries etc. We use regular plates, cups and cutlery. All cooking and eating utensils will also be provided.
- Please be aware that, due to the diverse tastes of our clients, we are unable to accommodate individual food preferences on our group tours. The group shared meals we provide are subject to available produce, and in our sometimes-remote destinations, the variety of ingredients is sometimes limited. However, we do take allergies, vegetarian and vegan dietary requirements into consideration to ensure everyone has suitable meal options.
- We will supply fruit squash served with breakfast and tea or coffee served with breakfast and dinner. All other beverages will be for your own expense. We will not supply bottled drinking water although it is available at many shops on tour.

Difficulty

- Anyone who is generally active and in good health should enjoy this trip. Simple campsites are enjoyed by the outdoor enthusiast, you will get dusty on occasion; but this is Africa!

- This is a long-distance trans Africa safari - there is a lot of distance to be covered and so there will be some long travelling days. Due to local conditions, border crossings, road detours and weather, the trip may alter route/schedule - please remember that this continent has its own time scale and things work differently here. Keep an open mind and a sense of humour - it's all part of the adventure!
- Everyone is asked to help out with the running of camp on tour. In other words if everyone spends a little time setting up camp, preparing meals and cleaning up then the tour will run smoothly and everyone will have a good time. Participation is the name of the game.

Things you should know

- Includes all National Park entrance fees and a canoeing trip on the Lower Zambezi River. You will need to bring your own towel.
- Your client will need a valid passport and visas for entry into Zambia and Malawi. Please note that these can be arranged in advance and cannot always be obtained at the border. (Please check visa requirements with your travel agent).
- Luggage, please pack to a limit of 12kgs in a soft sports tog bag. Also bring daypack for walks and keeping in the vehicle. On the Accommodated Adventures & Classic Journeys, all bedding is provided, and you will not be required to bring a sleeping bag or pillow. At most accommodation establishments, towels will be provided, but it is always a good idea to bring a small travel towel for the beach or swimming pool.
- Forex bureaus are available in Lusaka and Lilongwe. However, we recommend that you bring small denomination Euro or US\$ cash notes for personal expenses on this trip. In some cases you'll be able to pay local service providers in forex, and in some cases you'll need to change into the local currency (Zambian Kwacha, Malawian Kwacha). Zambia requires that all services are paid in local currency, however major credit cards (Mastercard / Visa) can also be used for optional activities on tour. See the Sunway tour dossier for approximate costs of drinks and meals etc.
